Letter of Recommendation

It is my deep pleasure to recommend **Abubeker Juhar Bedru** for admission to your college. I am a school principal at Spring of Knowledge Academy in Addis Ababa, Ethiopia. I came to know Abubeker when I when he joined our school as a kid and specifically when he joined high school (grade 9). Overall, he is intelligent and has good learning skills. He demonstrated hardworking attitude both in class and outside activities. He showed great interest in participating in extra and co-curricular activities.

Abubeker has excellent communication skills. He gets along with anyone with ease and comfort. His written work is clear and concise, as well as interesting to read. He demonstrated his oral articulateness in the discussion sessions. He always explained his views very concisely and gave supporting arguments that were both clear and persuasive. He also demonstrated good teamwork skills in group assignments.

At personal level, Abubeker is a well-disciplined and industrious student with pleasant personality. He went well beyond the learning requirements in the quantity and quality of his projects, putting in a lot of extra library hours every week. Throughout high school education, he demonstrated great perseverance and initiative. Not only was he interested in and motivated to learn his learning materials, but he also put great work into assimilating it to his own experience and developing his own ideas about each topic that was discussed.

Abubeker is unquestionably an exceptional candidate for undergraduate study. Abubeker's work for four years of high school education suggests that he would greatly benefit from the opportunities for intellectual development provided by a sustained period of undergraduate study. He has proven himself to have the perseverance, initiative, and intellectual creativity necessary to complete an undergraduate degree. Currently, Abubeker is the president of the *Students Body Counsel* of the high school. I would, therefore, highly recommend him to your college. If his performance in my school is a good indication of how he would perform as an undergraduate student, he would be an extremely positive asset to your program.
